VILLA MIRABELLO II
Elounda Village, Agios Nikolaos, Crete
The concept: Family holidays in nature

Mirabello II is the perfect family villa in Crete that will offer panoramic views of magnificent sunrises and sunsets against backdrops of the Mediterranean Sea and the Cretan landscape. It can sleep 13 guests who wish to unwind in nature, spend family quality time and admire the view. It is hidden in nature, totally safe and inviting everyone to relax. It is only 3 km far from the town of Elounda, 1 km to the beach and 8 km from the town of Agios Nikolaos.

Outdoors

The luxury Crete villa is perfect for both kids and adults. Kids can spend the day at the beach or the LAPPSET playground that Mirabello II and its sister villa share. The rest can relax on the loungers next to private infinity pools with sea views. There are also a selection of places to relax, either under the sun or carefully designed shaded pergolas. If you need a fun evening, get the BBQ grilling, turn the music on and have a small party on the pool terrace. The villa is secluded so you will not disturb anyone around, but you don't need to worry as well, as there is security during the night.

Interior Design

Mirabello II features five bedrooms within the house as well as one independently accessed guest room. Particular feature of each bedroom is a unique view of the gulf of Elounda. The large windows of the sitting and dining-bar kitchen area bring inside the greenery and the beautiful sun light. The French doors of the living room lead to the gym facilities room with the table tennis and the lounge pool area. This is the right place to relax under the warm sun during the night or to feel the night breeze under the stars.

Good to know

The luxury villa has a twin called Mirabello I, located only 180 meters away. In case you need to come with more than 13 guests, you can book to stay close! They have total privacy due to their orientation, and access to a state-of-the-art playground. Only a few km far from the town of Elounda and 8 km from the town of Agios Nikolaos, you can find many beaches, traditional places, beautiful villages and luxury shops.

The architect's story

Marina Birdimiri, born in Crete, loved this place since she was little and decided to start her career as an architect here. Elounda is full of light and positive vibes and that is why she decided to make a residence that would leave every guest satisfied. She wanted to make the villa blend in the surrounding and that is why she focused on large openings conscientiously framing views, high ceilings in public areas, earthy colors, thoughtfully designed inside to outside liaisons, local materials such as stone, timber and colored plaster. Each relaxing and communal area is carefully designed to offer comfort and pleasure.
