A Signature Portfolio Villa

Perched on a hill in the most sought-after area of Mykonos, with uncanny views of Psarou Beach across the sea, villa Julietta is a design sensation worthy of an international jetsetter. Modernist in structure, but with a strong Cycladic heart, Julietta is a stunning contemporary home imbued with a soulful bohemian character, standing nearly at the edge of the land, at times seeming to merge into the sea itself. Parties, champagne corks popping and private yachts parading before your eyes - if James Bond vacationed in Mykonos, this is where he would stay. If you love nothing more than a touch of glam and indulgent luxury, then look no further than this one-of-a-kind summer lair for 10 lucky guests.

Outdoors

The gleaming infinity pool is the star of the show here, effortlessly blending in with the sea and demanding to be Instagrammed. Imagine waking up to the sound of rolling waves and taking a refreshing plunge with the most enviable view, while our chef prepares breakfast for you to be served on the outdoor dining area that sits 14 guests. Spend an hour or two catching the generous Greek sun on your in-water loungers and after an evening at Nammos or Scorpios, come back for a pre-night-out siesta or a last swim in the pool, before you get back in the villa to get ready for a dance-your-shoes-off night around the island’s bars.

Interior Design

Dressed in black and white – and black and white only, Julietta’s common living areas are designed to create an easy flow between the interior and the exterior, with enormous windows overlooking Psarou Beach and French doors opening to the pool terrace. An expertly equipped kitchen leads to the living room and the dining area that enjoys the same impeccable sea view and offers a large wooden table for 10 people. The 5 bedrooms are a luxury dream come true, all featuring queen size beds and en-suite bathrooms, while 4 of them have access to private balconies for your just-the-two-of-us moments in the sun.
