The Concept: Feels like home

Luxury villa Philomela in Paros is an exquisite 10-guest property in the area of Naoussa. Built on the top of a hill, nested in endemic trees and evergreen shrubs, it offers marvellous views of the Aegean Sea and the sought-after feeling of privacy you need for your luxury vacation. Its secluded location means you can enjoy the indoor and outdoor villa spaces in comfort and feel like home lounging at the outdoor areas. The view from the private swimming pool is extraordinarily unique as you get to enjoy a panoramic bird's-eye view of the island, while you indulge in the luxury of villa Philomela.

Alfresco

Villa Philomela offers a plethora of outdoor areas to the lucky guests. Constructed to match the natural surroundings and morphology, it is divided into three outdoor spaces, which offer privacy and recreation. The pool area is fantastic. You will probably spend most of your time lounging by the pool and diving in to reinvigorate your body. We would do the same. As for dining options, you will find two different shaded dining areas to enjoy hearty meals with your close ones. We would definitely do that too.

Inside

Much effort has been placed into making the villa interior a perfect blend of luxury amenities, homely comfort and sophisticated design. The villa boasts an incredible living area with an exceptional fireplace that will make you go deep into your comfort zone. Bathrooms are spacious and built with high quality materials and the kitchen is very well equipped, ready to introduce you to the secrets of Parian cuisine. The architectural sophistication of this luxury villa means the property is built in such a way to resist the hot sun of the Mediterranean and provide a balanced temperature all day long.
